2024 Planning:

We would like each volunteer to come up with one goal to be accomplished at Cragun house. We are going to use the SMART goals methodology to plan our projects. Please come prepared for our January meeting.

Here is a little information on SMART goals.

S	Specific	Make your goal specific and narrow for more effective planning	
M	Measurable	Make sure your goal and progress are measurable	
A	Achievable	Make sure you can reasonably accomplish your goal within a certain time frame	
R	Relevant	Your goal should align with your values and long-term objectives	
T	Time-based	Set a realistic but ambitious end date to clarify task prioritization and increase motivation	

My personal one for 2024 is to get the Nursery fully inventoried by end of year. Large or small, all tasks are of great importance to us.

SHOUT OUT!!!

OMG!!! CHERYL!!!!

The work you have done planning and decorating this house is tremendous! Your expertise in architectural design and years of working retail has really pulled this together! I know others have helped as well and I thank you for making this open house happen!

We cannot do any of this without all of you!
